

ADLER Aquafix Kupfer

8135 000300

Copper powder for real metal effects for industrial and professional use

PRODUCT DESCRIPTION

General

Copper powder to achieve real metal effects on surfaces made of wood-based materials

Application area

- For the coating of furniture and interior finishing exposed to normal levels of stress, such as tabletops and shelves in the home, fronts and permanently visible areas, surfaces used on seating furniture and not permanently visible areas: Application areas III – IV in accordance with ÖNORM A 1610-12.
- Application in combination with a suitable topcoat system.

PROCESSING

Instructions for use

- Carefully incorporate ADLER Aquafix Kupfer 8135 000300 into the paint/hardener mixture by stirring without forming lumps. Stirring is best done by machine using a basket agitator.

Quantity to be added

250 parts by weight to 105 parts by weight of paint or paint/hardener mixture

Cleaning the working equipment

With water immediately after use.

To remove dried paint residues we recommend using ADLER Aqua-Cleaner 80080 (diluted 1:1 with water).

ORDERING INFORMATION

Size of trading unit

1 kg

FURTHER DETAILS

Durability/storage

At least 1 year in the original sealed containers.

- Immediately seal the container to prevent humidity from penetrating.
- Make sure the product is protected against moisture, direct sunlight, frost and high temperatures (above 30 °C).
- Do not store together with oxygen-rich and flammable materials.
- Do not store together with substances liable to spontaneous combustion.
- Keep away from oxidizing agents, as well as highly alkaline and highly acidic materials.
